I am a dedicated and self-motivated web developer currently pursuing my bachelor's degree at TU. With hands-on experience in building dynamic web applications using the MERN stack, I bring a strong foundation in React and Node.js. Passionate about creating efficient and user-centric solutions, I have honed my skills through practical projects and internships, demonstrating a commitment to delivering high-quality results in a fast-paced development environment.

Experience

React Intern, Anubhabi technologies pvt. ltd

OCT 2023 - MAR 2024

- Implemented responsive design principles to ensure compatibility across various devices and screen sizes.
- Participated in team meetings and contributed ideas for improving project workflows and processes.
